All seatposts can be serviced at a varying cost.

All prices above exclude parts

# SPECIALITY SERVICE

## BODY GEOMETRY FIT

Having your bike fit you properly makes a huge difference. You can ride further, faster and have less pain along the way, along with preventing future injuries due to proper set up. Using the Body Geometry Fit system and products by Specialized, developed with doctors and professors at the Boulder Centre of Sports Medicine in Colorado, we can tailor your bike to fit you.

Bike Sizing 100  
MTB/Road Fit 300  
Triathlon/TT Bike 450

## SHERLOCK HOLMES

Using cunning detective skills, we can diagnose, find and fix any ticks, creaks or squeaks your bike may have.

From 40
